

South Shropshire's Premiere
Real Ale Pub

The White Horse Inn

Self Declaration of Environmental Commitment for Rampant Horse Ltd

The White Horse Inn is a traditional real ale pub in the small town of Clun, set within the beautiful South Shropshire hills, area of outstanding natural beauty. We are a public house with dining, bed and breakfast services.

This is the second year that we have produced a Self Declaration of Environmental Commitment. During the past 12 months we have:

- Maintained a 3 star rating.

We have identified and comply with all environmental legislation relevant to our business activities, are committed to preventing pollution and currently reduce our impact on the environment by:

- Implementing a system for recycling items including paper, plastic containers, ink cartridges, computers, monitors, textiles, food waste, grounds maintenance/garden waste, electrical items, metal cans, cooking oil, batteries, fluorescent bulbs, scrap metal and metal cans.
- Selling and donating unwanted equipment and redundant supplies.
- Calculating our carbon footprint.
- Working to reduce energy consumption by using energy efficient bulbs, activating sleep features on equipment, insulating the building and roof spaces, using laptops instead of desktop computers, putting timers on heaters and using light and movement sensors to control lighting. We also generate our own energy through using a woodburner.
- Monitoring our water usage and using hoses for car washing and in our gardens.
- Reducing paper use through double sided and multiple page printing, electronic invoicing and buying recycled paper. We also purchase FairTrade products where possible.
- Supporting local charities and events through cash and in kind support.
- Erecting bat boxes, nesting boxes and creating other wildlife habitats.

Although Rampant Horse Ltd are already demonstrating a significant reduction in our environmental impacts, over the next 12 months we are also committed to:

- Using a renewable energy provider.
- Linking with the Bike2Work Scheme, using water saving devices in our toilets, using duplex printing and buying recycled pens.
- Maintaining our 3 star rating and looking to obtain 4 stars in the next 12 months.

Date declaration agreed:

19th September 2011
